

**Dare to take the F-Scale Challenge!!**

Log on to the following website: <http://www.anesi.com/fscale.htm>. You will be taking a personality test measuring your susceptibility to authoritarian modes of thinking and prejudice. After taking this test, consider the following questions:

- 1). What was your score? According to the table, what was your categorization?
- 2). Do you agree with the scales categorization of your character or personality type? Why or why not? Are there any specific examples that you can think of which support or contradict the scale's categorization of your personality type?
